

RURAL MUNICIPALITY  
OF  
RITCHOT

TRANSPORTATION

**PURPOSE:**

The purpose of this transportation plan is to ensure efficient and effective transportation of people and resources are conducted in a time of an emergency.

**SCOPE:**

This plan outlines the actions to be taken and the procedures to be followed when confronted with an emergency in which transportation routes are effected.

**GENERAL POLICY:**

a)- Pre-emergency period:

In normal times, when there is no indication of warning of any impending disaster or emergency, attention is given to reviewing and updating the transportation plan.

b)- Early warning period:

When a potential emergency is detected in its early stages even if the outcome is still uncertain, the emergency transportation Manager or Emergency Coordinator may contact, review, and adjust readiness plans in light of the particular situation at hand.

c)- Emergency period:

When an emergency is imminent the transportation Manager will attend to the EOC and ensure he/she has contact will all appropriate resources to aid in the movement of persons and resources during the emergency.

RURAL MUNICIPALITY OF RITCHOT:

The RM of Ritchot has two major north/south routes running through the RM. PTH 75 travels approximately along the western edge of the Municipality, with PTH 59 travelling approximately along the eastern edge of the Municipality.

PTH 75 is a four lane divided traffic corridor that follows the west-bank of the Red River, passing the communities of St.Adolphe, Ste.Agathe & Howden.

PTH 59 is a two lane highway that approximately follows the eastern edge of the Municipality. From R305 to PR210 PTH 59 is a two lane undivided highway, at PR210 PTH 59 becomes a four lane divided highway passing the communities of Grande Pointe and Ile Des Chenes on its way into Winnipeg.
